SEAT TRACK CLEANER

Maintaining adjustable cockpit seats, or passenger seating secured in notched tracks, requires removing the dirt and grit that have become embedded in the tracks.

Rex-Cut Products has developed a thin-profile mounted wheel specially designed to accomplish this job efficiently and safely. The seat track cleaners are manufactured using layers of reinforced nonwoven cotton fiber and abrasive grain which are bonded into discs. When mounted on a die grinder they are able to fit inside the seat tracks. Designed for cleaning all the interior surfaces of the track without having to change discs, one disc will remove caked on sludge, dirt and grit while removing minor burrs and rough edges. The seat track cleaners are non-loading on aluminum and leave superior surface finishes. Available in 54 and 80 grits in aluminum oxide grain mounted on a 1/4 x 1/2" shank.

80 Grit Seat Track CleanerP/N 12-00952

AN BOLT LENGTH GAUGE SET

Effortless Bolt Sizing: Our AN Bolt Length Gauge simplifies the process of identifying AN bolt lengths, making it a breeze for both professionals and hobbyists. Say goodbye to tedious measuring with calipers or rulers. Wide Range of Bolt Sizes: This versatile tool covers a broad spectrum of bolt sizes, from 3 to 50, ensuring you have the perfect solution for any project. No more second-guessing or wasting time searching for the right bolt length. Precision and Accuracy:

Engineered for accuracy, our gauge guarantees precise measurements every time. You can trust the results it provides, reducing errors and improving the quality of your work.....P/N 12-06312

SLIDE HAMMER

Blue vinyl hand grip over steel handle reduces sting on technicians hands and provides 100% grip. 3 lb. slide weight is mounted on 1/2" plated steel shaft. Broached hex in nose cone locks pulling screw in place...ends breakage. Supplied with two hardened pulling screws and "L" puller hook fabricated of aircraft quality steel. Nose cone and shaft threads are 1/2" - 20.....P/N 15-08252

MACHINIST HOOK SCRIBE

Machinist Hook Scribe New. 2-point scriber has hardened, ground steel points. Features a straight point and a 90 degree point. Length: 9". P/N 12-02896

PIG TAIL HOOK SCRIBE

Both the 45 degree and pig tail points of the scribe are made of hardened, ground steel. Both ends of the tool unscrew from the body. P/N 12-02897

WOOD HANDLE TOOTHBRUSH STYLE CLEANING BRUSH

Three rows of bristles by seven, your choice of materials, with bent wood handle approx 7 3/4 inches long. An especially popular welders tool, but very suitable for a variety of cleaning applications. Use stainless steel for maximum abrasive action, brass for less scratching. SW version stainless bristles are wire laced for positive retention.

P/N 04-02647

CLEANING TUBE BRUSH 3/16 X 6.25 INCHES

Tube brushes (also known as cylinder brushes) are filled with Dupont Tynex nylon and have excellent wear resistance. Although more susceptible to strong solvents than bristle filled brushes, nylon is stiffer, wears longer and cleans easier. This cylinder brush is perfect for manually cleaning internal surfaces such as tubes or threaded holes. Handle is made of twisted steel wire. P/N 09-04587
