PILOT USA PRO MAX PASSIVE HEADSET WITH BLUETOOTH

The Pro Max headset is an affordable entry level headset, and provides Bluetooth capability of connecting two devices at the same time. This allows more individuals to access the necessary features without a significant financial burden. Additionally, affordable headsets can be beneficial for flight schools and training programs, enabling them to provide necessary gear to students without excessive costs.

PILOT USA PA-1160AI HEADSET

The headset is designed to plug directly into the ICOM® A2, A3, A4, A20, A21 and A22 aviation transceivers eliminating any need for extra adapters. It can also be used with the A6, A14, and A24 but we suggest the PA-1160AI/R with Right angle plug for those latter models that have the input on the side of the radio. For ease of use, we have installed an inline Press-To-Talk (PTT) switch on the comm-cord. Great to have at air shows to listen to the tower and performers. ICOM Straight Plug..... P/N 11-12982 ---

PILOT USA CARBON P1 PASSIVE HEADSET
