MGF FLIGHT BAG PLC PRO TRAVELER

Perfect for an overnight trip or a week out of town the PLC Traveler is tough, lightweight and smart. Engineered from durable sail cloth, this bag comes equipped with multiple pockets for storage, a telescoping handle and easy-rolling wheels that make it a cinch to maneuver. Built from the ground up to be the premium solution to store and protect all your gear while flying and traveling. Designed by pilots for pilots to be the ultimate flight bag for all aviators. This bag gives you the style, storage, organization, compact size and functionality like never offered before
P/N 13-22025

MGF HEADSET BAG

Micro-fiber lining cleans and protects the screen while the durable diamond stitch fabric on the outside prevents ripping and tearing. The Headset Bag is made out of durable mesh with a soft, padded lining on the inside, perfect for holding anything you don't want scratched: sunglasses, phones, iPads, and eReaders. The drawstring closure makes holding all of your small items secure and easy to find

MGF FLEX CLIP EXTRA BASE

Flex Clip Mount by MGF. This is the first and only mount that you can secure anywhere you wish with four screws of an AMPs pattern or with semi-permanent VHB adhesive. Since the Flex Clip uses Flex Arms, it is infinitely adjustable so pilots are able to mount their device in the exact position they wish that was thought not possible before.
P/N 13-19528

MYGOFLIGHT FLEX CLAMP COLLAR- ROBINSON CONSOLE BAR

Flex Clamp Collar works with the console bar on the pilot side of Robinson R22, R44, and R66 helicopters. The mount secures onto the console bar using the collar and two screws (included). The infinitely articulating and adjustable arm attaches to our Universal Cradle or the iPad Sport Case. Once attached, your device can be viewed in either portrait or landscape.
