

SURVIVAL GEAR

SWITLIK AVIATOR LIFE VEST

The Switlik Aviator Life Vest is supremely more comfortable to wear, and specifically designed for the seated position in your aircraft. It's the vest you'll forget you're wearing. The new interior cell folding technique combined with our open V-Neck design allows the Aviator to lay over your shoulders relieving the pressure on your neck during those long flights. We have located our new beaded handle in the center of the vest allowing for an easier approach for deployment. The breakaway

safety feature eliminates the risk of snagging. The red handle also offers the best visibility in low light conditions. The Switlik Zipper closure keeps your inflatable vest secure at all times. The simple reliable dual breakaway design provides immediate inflation when activated. Backup oral inflation tubes are conveniently located on either side of the vest and easily reached through the side access flaps.

SWITLIK INFANT LIFE

The ILV-20 is a dual chamber, 23-pound buoyancy Infant Life Vest, (FAA/TSO-C13d defines "infant" as a wearer with a weight less than 35 pounds). The underarm configuration allows this vest to be used by wearers whose shorter necks prevent use of the standard "yoke-type" vest.

SWITLIK X-BACK BASIC LIFE VEST BLUE

The X-Back Basic incorporates the same fit, adjustment and overall comfort users have come to expect from the Switlik X-Back, with the addition of two permanently attached all-in-one pockets in lieu place of the MOLLE vest attachment loops. This new vest is intended to be a modern version of SWITLIK's previous HV-35 Helicopter Vest. This vest is for users who do not need the MOLLE system and all its accessories. The pockets attached to the vest are intended to fit your essentials "keys, phone, sunglasses & wallet" (and yes, the newest smart phones will fit!) Color:

Blue P/N 13-18416

EAM UXF-35 LIFE VEST (10 YEAR)

This single cell vest is the lightest weight aviation vest in the world, weighing only .9 lbs (410 grams). 10 year frequency of inspection. Standard 5 year version also available (P/N 12-02355). TSO-C13f Approved.

SWITLIK X BACK LEG STRAPS

Quick donning adjustable leg straps are neatly stored using the Velcro™ ties making them a clean and simple accessory to have P/N 13-12691 /pr.

SWITLIK X BACK MOBILE PHONE POCKET

Safe, secure and easily accessible cell phone holster fits all popular models P/N 13-12692

SWITLIK X BACK BUDDY CLIP

When ditching your aircraft it's important for survivors to stay together. The Switlik Buddy Clip allows you to quickly tether yourselves together via a 6 foot (1.8 m) 550 lb (250 kg) test line with a CRES snap hook. When not in use it is neatly packed into a nylon pouch. The pouch is designed to be attached with snaps to the MOLLE system and by dead ending the buddy line loop directly to the MOLLE Loops as a back up.

P/N 13-12693

SWITLIK X BACK ALL IN ONE POCKET

The All-In-One pocket allows you to organize all your equipment into one area. Complete with two zipper pockets, interior MOLLE straps, interior compartments, and a conveniently located pen holder on the outside. Available in left and right.

Right Side P/N 13-12694
Left Side P/N 13-12695

RESCUE LASER FLARE MAGNUM™

A hand-held nighttime laser signaling device that provides a convenient, effective way to signal a rescue party up to 20 miles (32 km) away, depending on atmospheric conditions. It's ease of operation, long life and waterproof design makes it the perfect survival signaling device. Unlike conventional pyrotechnic flares, the Rescue Laser Flare™ is non-flammable, non-hazardous and can operate continuously for 72 hours on two replaceable AA batteries.

15 Hour P/N 13-01923

ARTEX WW-3 RESQ WHISTLE

Get attention when you need it with the WW-3 ResQ™ Whistle. This compact survival whistle was specially developed to locate boaters who've fallen overboard, but it can also aid in land rescues. The WW-3 ResQ issues a shrill dual-tone up to 100 decibels, which is audible over great distances. The unique, flat design of this whistle keeps it from holding water, and its 31.5 inch (80 cm) lanyard easily attaches to life jackets, rafts, and other weather gear. And, to top it all off, this rescue whistle was built to meet USCG requirements P/N 11-20085
