

CO DETECTORS

AITHRE SHIELD USB 6.0 PORTABLE CO DETECTOR

The Shield USB 6.0 builds on the legacy of the Shield 4.0 using the same technology in a smaller form factor, based on years of improvements inspired by customer feedback. The 6.0 is the first of its kind - a small USB stick that plugs into any USB source for an extremely simple, portable, and functional solution for sensitive carbon monoxide detection in your aircraft

GASALERT CLIP EXTREME CARBON MONOXIDE MONITOR TWO YEAR BATTERY LIFE

Simply press the start/test button and the GasAlertClip Extreme is ready to use, providing continuous, reliable protection. This carbon monoxide detector requires no calibration, sensor replacement, battery replacement or battery charging. The simplicity of the GasAlertClip Extreme combined with minimal training requirements and negligible maintenance costs make the GasAlertClip Extreme one of the most cost-effective gas detection solutions for facility workers and onsite contractors. Standard Package Contents: Detector complete with specified sensor, stainless steel alligator clip and concussion-proof housing, Test cap and hose, Manual, Multi-language CD manual.

Gas Alert Clip Extreme II CO (2 Years)

STANDARD CARBON MONOXIDE DETECTOR

Toxic, odorless, tasteless gas produced by incomplete combustion of gasoline, kerosene, natural gas, butane, fuel oil, wood, coal or anywhere fossil fuels are burned. Dangerous levels of CO come from internal combustion engines such as cars, airplanes, and lawn mowers or from any poorly vented or improperly adjusted fuel burning appliance...P/N 09-35600

ASA CARBON MONOXIDE DETECTOR

Carbon Monoxide (CO) is a toxic, odorless, and tasteless gas produced by the incomplete combustion of gasoline, kerosene, natural gas, butane, propane, fuel oil, wood, coal, and other fossil fuels. Dangerous levels of CO can be produced by internal combustion engines or from any poorly vented or improperly adjusted fuel-burning appliance. Exposure to CO may cause sickness, headaches, or even death.....P/N 13-05755

RADIANT TECHNOLOGY CO PRO™ CARBON MONOXIDE MONITOR + DIGITAL G-METER

CO Pro™ is a new generation product in Radiant Technology's robust line of avionic and sensor tech instruments. CO Pro™ is a Carbon Monoxide detector and G-Meter all in one. Designed for pilots and aviation enthusiasts, the portable detector features two primary interfaces—one with continuous CO graphing capability and the other showing a G Meter (which also shows CO levels in background). The unit has an audible alarm and is battery

powered up to five hours on a single charge (rechargeable with USB). CO Pro™ updates Radiant's carbon monoxide safety product line with brilliant new features. The ability to see CO levels trend over time provides better information than competitive, static display monitors. This increases pilot and passenger comfort and also helps to determine what might have happened. For instance, a change in engine noise associated with an observable graph rise in CO levels might be associated with a new crack in an exhaust system.....P/N 10-07470

RADIANT CO-PRO / DIGITAL G-METER GEN2 PANEL MOUNT HOLSTER

The Panel Mount Holster enables the CO Pro™ to be mounted; the holster fits perfectly in 3 1/8" cutout as seen below. It can also be mounted to any flat surface using the corner holes utilizing rivets or screws or using adhesive tape

GEIGER PLUS PERSONAL CARBON MONOXIDE MONITOR

Geiger PLUS is a key fob-sized unit that provides real time aural alarm when carbon monoxide levels are dangerously high. The unit provides a very loud distinctive alarm at ~41 PPM and an even more annoying alarm at 100 PPM. In contrast to competitive products, GEIGER PLUS is much smaller, more responsive and rechargeable. It is designed to run off of an internal USB rechargeable battery

P/N 10-07477

SPARROW MODEL W500 CO CARBON MONOXIDE & AIR MONITOR

SPARROW is a health and safety device that measures and alarms to high and low levels of carbon monoxide (CO), along with temperature, pressure. Displays and tracks exposure over time, giving you information on health effects and even notifying others in the event of an emergency. SPARROW App will also store and map the location of unhealthy air events so you can plan healthier routes in the future. While you can customize your alerts and notifications to your needs, the SPARROW and its app will always alert you to hazardous life threatening situations with audible and visual alarms.

RADIANT CO-POCKET™ CARBON MONOXIDE DETECTOR

Protect yourself from an invisible danger. The Radiant CO-Pocket™ is a fast, reliable carbon monoxide detector in a rechargeable, pocket-sized, self-contained unit, designed specifically for aviation. It alerts at the FAA-recommended 41 PPM level with buzzer, audible alarm, and bright red strobe alarm, mirroring the trusted logic of Radiant's CO-USB line. About the size of a flight timer, the CO-Pocket fits in a pocket, hangs from

a lanyard, or mounts to a panel. It has a USB-C charging port, with a standard USB-A to USB-C charging cable included. The unit runs up to six months on a single USB charge, displays CO level, temperature, and humidity, and can be zeroed to clean air for long-term accuracy.
